**National Radio Astronomy Observatory
Green Bank, West Virginia**

This unique instrument using three 85-foot radio telescopes is called an interferometer. By moving the two 85-foot telescopes in the foreground to different observing stations along a 5000 foot roadway with respect to a fixed, third 85-foot telescope, it is possible to simulate an antenna several thousands of feet in diameter.

*Old Covered Bridge across the Tygart River,
Philippi, West Virginia*

PHILIPPI, W.VA.
SCENE OF FIRST LAND BATTLE OF
CIVIL WAR

This Bridge Erected 1852 Serving Both North and South
in Passage of Troops and Supplies Across Mountains into Virginia

Pub. by Neale's Drug Store, Elkins, West Virginia

This bridge was erected in 1852, and served the
North and South in the passage of troops and sup-
plies across the mountains into Virginia. Philippi,
W. Va., was the site of the First Land Battle of the
Civil War.
